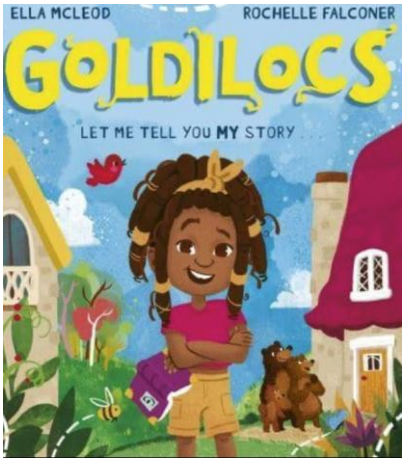
Spring Term – Reception

Reception enjoyed learning about different people who help us this term. We enjoyed welcoming a team from Harpenden Fire Station. While they were with us, they had to dash off for an emergency! We heard the siren sound as it drove away. We were also pleased to have a visit from our local PSCOs.

We welcomed a dentist called Rachel to our classroom. She showed us how to brush our teeth so that we stay healthy and told us which foods are healthy for us to eat, and which are bad for our teeth.

We enjoyed book week; it was especially fun to dress up as our favourite characters for the day. We were able to see some authors through virtual author visits and joined in with a draw along for the book The Flower Thief.



We have been working very hard to develop our phonics, writing and maths skills. We have been learning all about life cycles through reading The Hungry Caterpillar and an Ugly Duckling. We finished the term with a lovely session of Learn and Share together with our families. The children also made a beautiful Easter Garden.
